

Alexandria Gazette

FRIDAY EVENING, MARCH 9.

A TEXAS LOCAL ITEM.—A letter from Grif, Texas, to a Texas journal announces that the "matter of fact" way the killing of four men and the wounding of two others; Billy Brad and Charles Reed; employees of Millot Bros., cattle men, were in town on the 17th, got on a spree, and during the night visited Donnelly & Carrell's variety show. Shots were exchanged by them, accidentally killing Lieutenant J. W. Myers, attorney at law, also a person by the name of Barron. Brad was wounded in the stomach and died from the effects of it at 11.30 to day. Reed was shot through the head. County Attorney Jeffery was shot through the leg, and it is expected he will recover. Others were shot through the thighs, but unharmed. Deputy Sheriff Cruger was slightly wounded. Reed made his escape, and is still at large.

CONSTANTINOPLE.—Constantinople is about thirteen miles round, and is enclosed by walls on the western or land side. The "Harbor," or Golden Horn, on the north, divides it from Galata, and the Bosphorus divides it from Soutari. These are properly but suburbs, but make up together the city of Constantinople. It would be quite impossible to imagine a site better fitted for the building of an imperial city. Nothing would seem to be wanting; and it is no wonder that the eye of the world is every now and then fixed on it. The population of this imperial city is about \$500,000, and is made up of a somewhat motley group of Greeks, Armenians, Jews, Arabs, "Barbians," and Turks—the Turks making up, as it would seem, about one-half of the population.—*St. Louis Globe Democrat.*

The New York Herald says in that city the reflection of the inaugural ceremonies and displays was cast somewhat in shadow, and the patriotism which ordinarily should have found an outlet in flying flags by day and burning fireworks by night, with considerable popular enthusiasm, was merged in a stolid acceptance as of the settlement of a perplexing question, or else, narrowing the circle down to a partisan standpoint, in a restive foreboding. The Herald adds that "it would have been a much easier task to count the buildings from which the national flag floated than to enumerate the bare flagstaffs that stood in mute protest against the fitting celebration of the assumption of the grave duties by the new President, Rutherford B. Hayes."

AGRICULTURAL.

TO FARMERS. "EXCELSIOR."

ANALYSIS:
Ammonia..... 6.55
Soluble Phosphate of Lime..... 22.18
Bone..... 3.07
Potash..... 6.61
The most concentrated, universal and durable fertilizer ever offered to the farmer—combining all the stimulating qualities of Peruvian Guano, and the most durable fertilizing properties of Bones. In fine dry powder, prepared expressly for drilling.
After NINETEEN YEARS' experience by the farmers of Maryland and Virginia in the use of "Excelsior," it is their unanimous opinion that an application of 100 pounds of "Excelsior" is equal to from 200 to 300 pounds of any other fertilizer or guano, and therefore fully 100 per cent cheaper.
UNIFORMITY OF QUALITY GUARANTEED BY THE MANUFACTURERS.
Farmers should see that every bag is branded as above, with the ANALYSIS and OUR NAME IN RED LETTERS. All others are counterfeits.
PRICE \$50 PER TON.

TO FARMERS. REDUCTION IN THE PRICE OF J. J. TURNER & CO'S. AMMON'D. BONE SUPER-PHOSPHATE.

ANALYSIS:

Soluble Phosphate of Lime..... 23.91
Bone Phosphate of Lime..... 3.15
Potash..... 4.07
Composed of the most concentrated materials, it is richer in Ammonia and Soluble Phosphates than any other fertilizer sold, except our "Excelsior," and is made with the same care and supervision; uniform quality guaranteed; in excellent order for drilling.
PRICE \$40 PER TON.
